

CO-LOCATED EVENTS AND FEATURES

Innovations for More Effective Airspace Management

ATM Forum provides a platform to meet decision makers, influencers and buyers of equipment and services from the Middle East, Africa, South Asia and across the world. It is the largest event of its kind in the region.

Leading Innovations in Airport Security

Showcasing the latest Airport Security products and solutions from around the world, Airport Security Middle East will provide a platform for the latest technologies, ideas and innovations for the region's buyers.

Leading Sustainable Collaborative Aviation Growth

The 10th edition will address the strategic challenges and opportunities facing airport operators, regulators and airport industry suppliers, thus providing a platform to engage, exchange knowledge, share best practice, forge partnerships and discuss issues of common interest.

Increasing Gender Parity Across the Middle East's Aviation Industry

The 8th edition will continue to support the region's aviation and aerospace leadership in their vision to provide a sustainable, home grown, gender neutral pool of talent to support their ambitious growth plans. It is an important meeting point for the region's aviation and aerospace stakeholders.

e - Apron Latest Innovations in Electric Ground Handling Equipment Industry

In partnership with dnata, e-Apron will be coming back bigger and better. The sustainability zone will continue to provide electric ground handling equipment manufacturers the opportunity to display the latest innovations that are aligned to the industry's commitment to reduce carbon foot print in the years to come.
